

NEKTAR EGE ALTINTOPRAK

User Experience Designer applying for internship, Summer 2020

PROJECTS | SELECTED

BITS OF GOOD, PRODUCT DESIGNER | 2020-PRESENT

Our aim is to design a web solution for MedShare to provide volunteers the ability to sort medical equipments and label them effectively.

WEARABLE TECHNOLOGY FOR THE SAFETY OF WOMEN | ONGOING

An app and a wearable device that suggests safe routes according to crime data. The wearable guides users to the desired destination by using voice and haptic interaction.

KIOSK DESIGN FOR ACCESSIBILITY, NCR | ONGOING

Collaboration with NCR Corporation. Designing the interaction of self-checkout kiosks considering people with visual impairments.

MOON, BEDWETTING TRACKER FOR CHILDREN | 2017

Moon consists of two pieces; night anklet and smart alarm. The main aim is to wake children up pleasantly before bedwetting occurs. System uses four different stimuli to wake them up; vibration, sound, smell and light, gradually which is customized by the data received by the night anklet.

HIRO, TRACKER FOR CHILDREN WHO ARE AFRAID OF THE DARK | 2015

Designed for children who have poor sleep quality because of their fear of the dark. The product is placed in the child's room and by using sensors it can tell if a child is asleep or not. According to this information it adjusts the brightness of their room. Hiro was selected by Vestel, which is the biggest electronics company in Turkey, to exhibit in Vestel Headquarters.

EDUCATION

Georgia Institute of Technology

2019- 2021

MS in Human Computer Interaction

Izmir University of Economics

2013-2018

Psychology, Bachelor's Degree

GPA: 3.64/4 | High Honor Student

Industrial Design, Bachelor's Degree

GPA: 3.56/4 | High Honor Student

Polytechnic University of Milan

6 months, 2016

Product Design

ERASMUS Program and Scholarship

SKILLS

*Interface Design, Survey, Task Analysis
User Interviews, Physical Prototyping,
Product Design, Wireframing,
Usability Studies, Card Sorting, Affinity
Mapping, Participatory Design.*

TOOLS

DESIGN

*Photoshop, Illustrator, Adobe XD
Rhinoceros, Keyshot, AutoCAD
Maya, Sketch, Figma*

PSYCHOLOGY

SPSS, Noldus Observer XT, SuperLab

DEVELOPMENT

HTML, Processing

INTERESTS

*Universal Design, Role-Playing Games,
Developmental Psychology
Biology*

LANGUAGES

Turkish, English, Spanish, Japanese
